...Creators of Taste...

Dedicated to **VALUES**

The Company

Since 1955, Adani has been providing its customers the products of unmatched quality and uncompromised taste. Each raw material is sourced from its place of origin and processed in its state of the art manufacturing facility. Strict parameters and online QC ensures that the products processed are of superior grade with retention of original flavour so that the end user gets the best of taste.

Dedicated to **PERFECTION**

Spice Processing

A system of grinding the spices under indigenously developed machinery mechanism in which the temperature is maintained for retention of volatile oils and nutrient values as well as taste and flavour. A stainless steel plant with pneumatic controls for a dust-proof, eco-friendly environment helps in enhanced labour and machinery efficiency and providing customers unmatched quality products at competitive prices.

A sprawling manufacturing, cleaning and packing plant spread across 3 units as per GMP and BRC norms helps in handling of about 50000 mt of goods on annual basis.

Dedicated to **EXCELLENCE**

Ultra Modern Lab

Quality is foremost in product manufactured at ADANI. For this reason we have a dedicated in-house lab for testing incoming raw materials, in-process goods and final products.

Well-trained QC staff and QA personnel working in a latest lab on all parameters of physical, chemical and micro analysis helps in maintaining the value we add to our goods.

NABL (ISO 17025) level lab in all parameters of physical, chemical and micro analysis handles various tests under categories.

Physical

Moisture, colour, appearance, odour, taste, etc.

Chemical

ASTA, SHU, Curcumin, Piperine, Ginggrine, VO, Non-VO and various others.

Micro Biology (Class 10000)

TPC, Bacillus, Enterobacter, Salmonella, E. Coli and others

Dedicated to **QUALITY**

Capabilities
